

SAVe: Spam & Virus Email Archiving

Giving your business the power to fly.

Whether you can't find an email you need right now, or you need to find an email years later, archiving email is a solution that saves money and time.

Powerful Email Archiving

Message Archiving Service empowers your company to get legal, compliance, and IT value without the complexity. It's affordable, easy and smart. This powerful add-on feature requires our basic SAvE protection service. Additional fees apply based on retention period.

SAVe Archiving Advantages

- Automatic real-time email archiving to ensure no email is lost.
- Compliance with document retention policies to keep you legally protected, retention periods of 3, 5 or 7 years.
- Complete backup data to help decision makers review policy adherence.
- Secure and easy to search.

“Here is another area where Clever Ducks is ahead of the flock. Their forward-thinking services can guarantee that a human resources pro like me can stay ahead of the myriad of new regulations affecting this part of the business. They protect us from the inside and out; more and more an area of critical concern.”
